APPENDIX

1. Projected Marks for Task 1

We project a score of 10/10 based on fulfilling all strict requirements detailed in the assessment rubric.

ITEM	CRITERIA MET	EXPECTED MARKS
Group name and members	Group name and both team members clearly stated.	2 / 2
Suggested floor plan: Fit description	Both floors designed to case study specs. 4 labs, 1 lounge, 1 video room, 1 hybrid room included. All core rooms exactly 14mx10m.	2 / 2
Workstations and equipment	30 workstations specifically plotted and grouped for each of the 4 labs.	2 / 2
Scale	Master scale explicitly stated on drawings (1 square = 2 meters).	1 / 1
Clear and readable / Labels	Used draw.io for crisp architectural lines. All rooms, stairs, and utilities are clearly labeled.	2 / 2
Creativity	Included realistic architectural elements (Stairs, WCs, realistic hallway corridors, logical MDF/Server placement).	1 / 1
TOTAL		**10 / 10**

2. Team Members and Responsibilities

Due to the group consisting of two members, tasks were divided to maximize efficiency before the deadline:

- **IBARA, AFAEDIOMO IBORO**: Responsible for project strategy, architectural scaling calculations (translating the 14x10m requirement into grid ratios), rubric mapping, and compiling the formal Task 1 documentation and appendix.
- **MOHAMED MAGDI MOHAMEDSALIH**: Responsible for the technical execution of the floor plan using draw.io, including structural layout, workstation icon placement, spatial organization of the two floors, and exporting the final blueprints.
