SECD2523 DATABASE (SEM 1 – 2020/2021)
EXERCISE: EERD

QUESTION 1

Identify the participation and disjoint constraints for the EERD (in **Figure 1**) based on the description below.

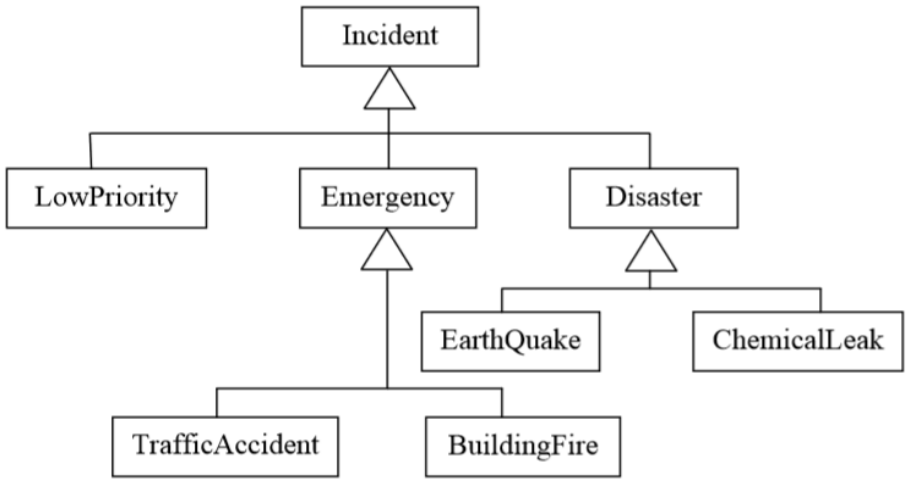

Figure 1 : EERD

There are many incident such as low priority, emergency, and disaster. Some emergencies can be categorised as disaster. The disaster only can be categorized either earth quake or chemical leak. The emergency's incident can be categorised as traffic accident and building fire. But, some emergency is not being categorised as the two main categories in the emergency categories.

QUESTION 2

Based on the description given below, introduce specialization/generalization concepts into the EERD (**Figure 2**).

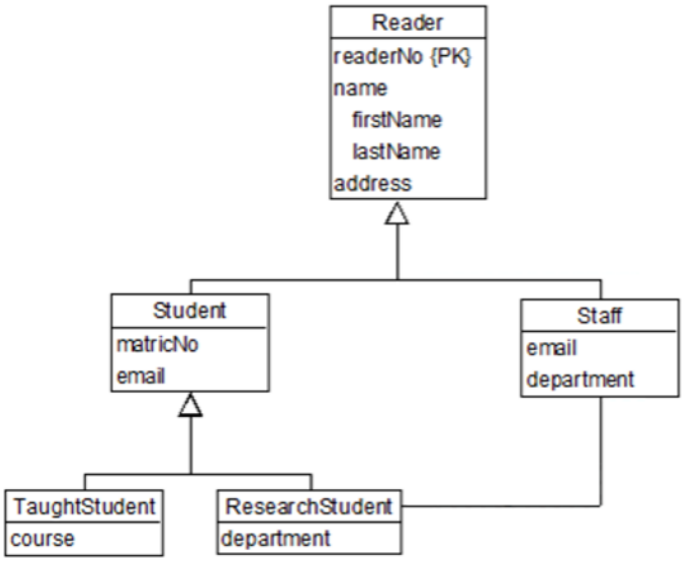

Figure 2 : EERD

a) A reader may be student, staff, or both, but need not be either.

b) Each Student must be either a taught or a research student.
