PROFESSIONAL SKILLS CERTIFICATION (UTM PSC)

The Ministry of Higher Education (MOHE) plays an important role in the development of human capital in Malaysia. One of the initiatives taken is to conduct students' employability programme with the aim to give students a value-added degree and enhance employment marketability among graduates.

In response to this, UTM has designed its own UTM Professional Skills Certificate programme to enhance the knowledge and skills of UTM students. It provides students with value-added courses so that they will have a competitive-edge when they enter the employment market.
