- **Centre of Part-Time Studies**
- **Centre of Collaborative Studies**
- **Professional Skill Certificate**
- **Centre of Degree & Foundation Studies**
- **Centre of Diploma Studies**
- **Postgraduate Studies**

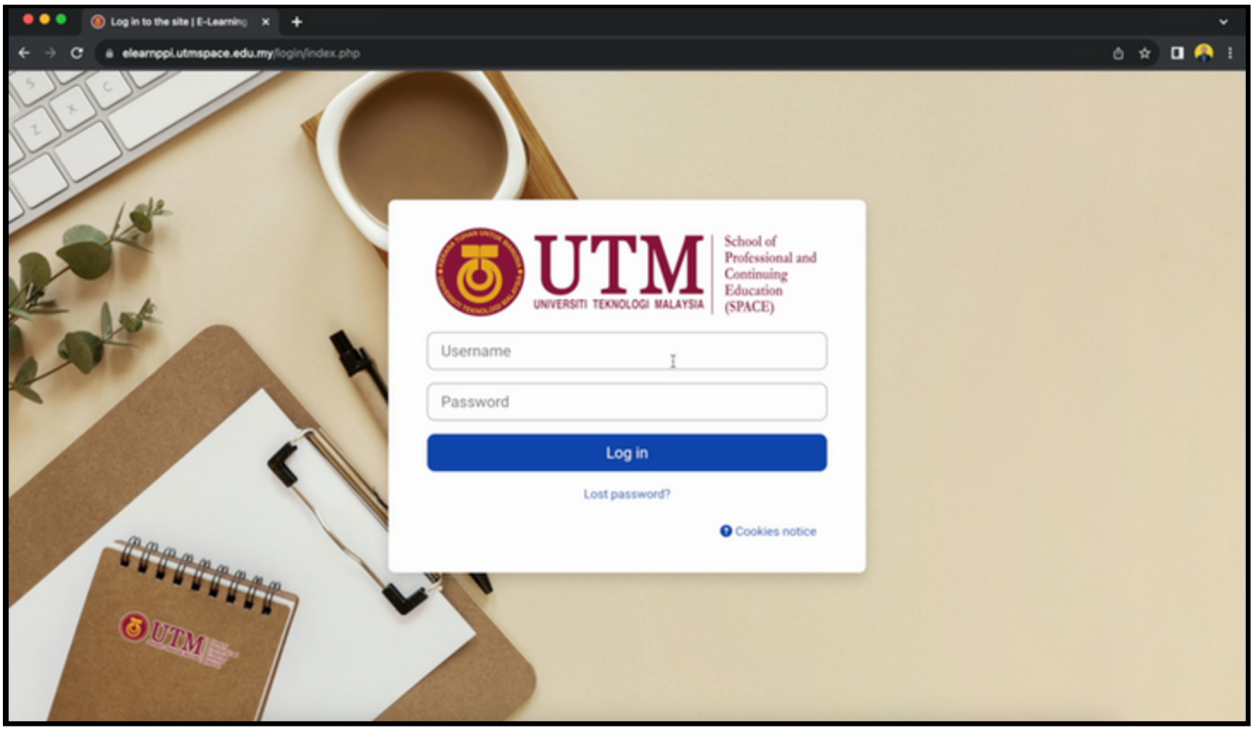
CHAPTER 02

User Login View

The user login view in e-learning is the interface where learners enter their login credentials to access the course materials and activities.

User **Log-in View**

You are required to access the login page by entering your login credentials as follows:



Username: Student No.
Password: ISID No.

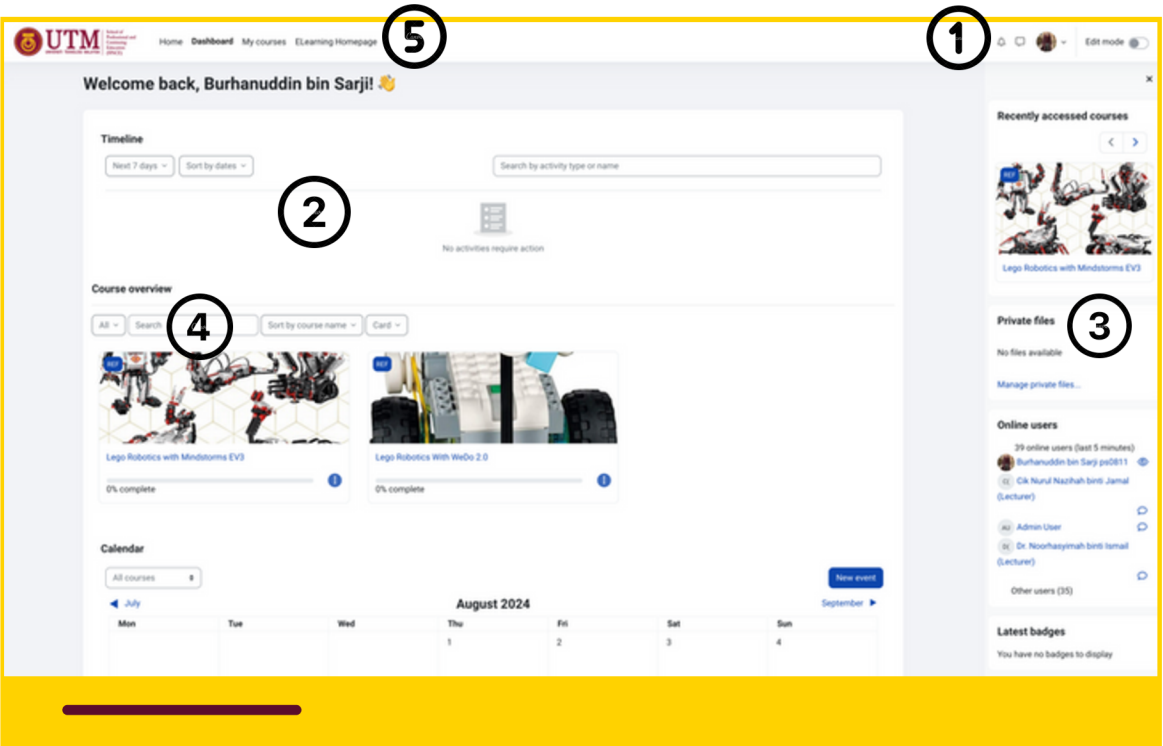
Click **Log in** button to continue.

CHAPTER 03

Dashboard View

The dashboard view in e-learning is the interface that provides learners with a summary of their progress and performance in the course, including any upcoming assignments or activities, as well as access to various course resources and tools.

Dashboard View



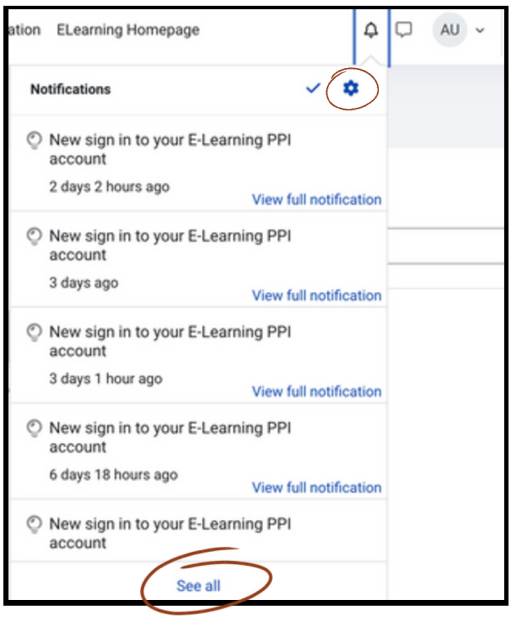
Once successfully login into ELearning, you will see the default view of the **Dashboard** that cover these areas:

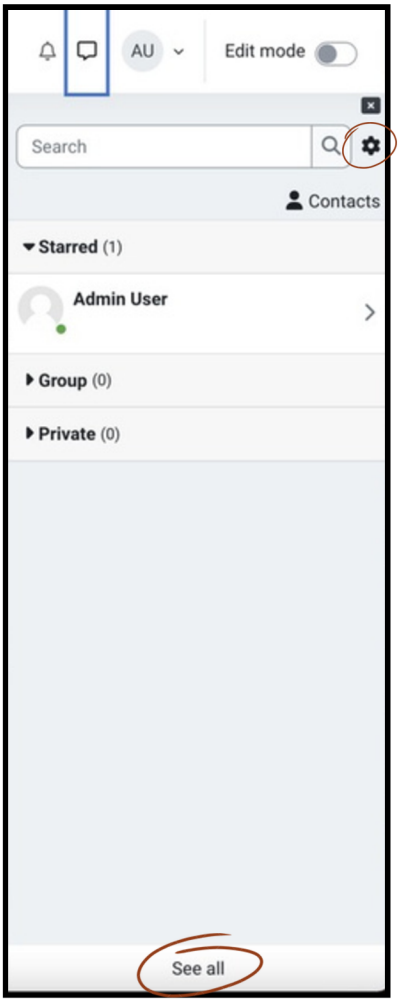
1. Quick access to;
    a. **Notification & Message Menu**
    b. **User Menu**
2. Customise This Page Panel
3. Blocks Drawer Panel
4. Recent Accessed Courses Panel
5. Navigation Panel

Dashboard View
Quick Access To:

01 Notification & Message Menu

View the **Notifications/ Messages** for any updates of activities on your courses & connect with your contacts in this course using this quick access.





Click **See All** to expand the Notifications/ Messages view.

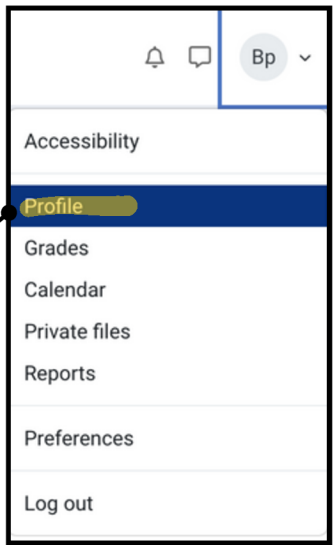
Click the **Setting icon** for more configurations that suit your needs.

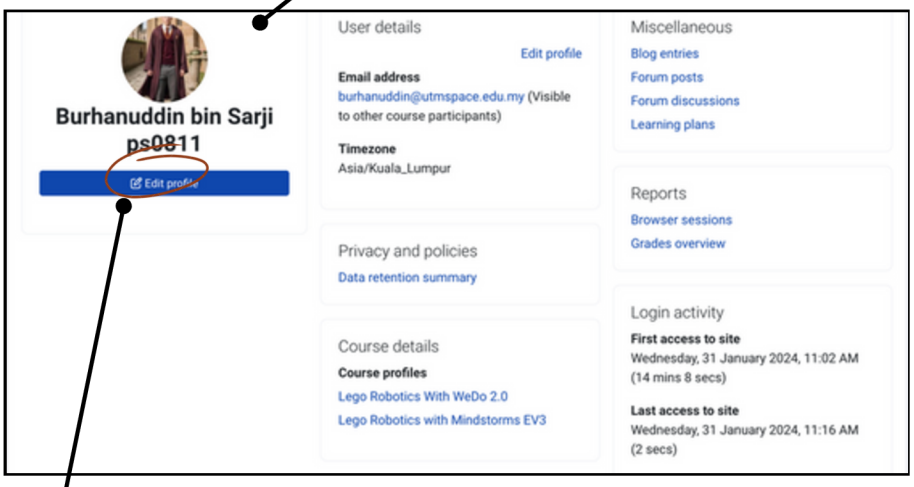
Dashboard View
Quick Access To:

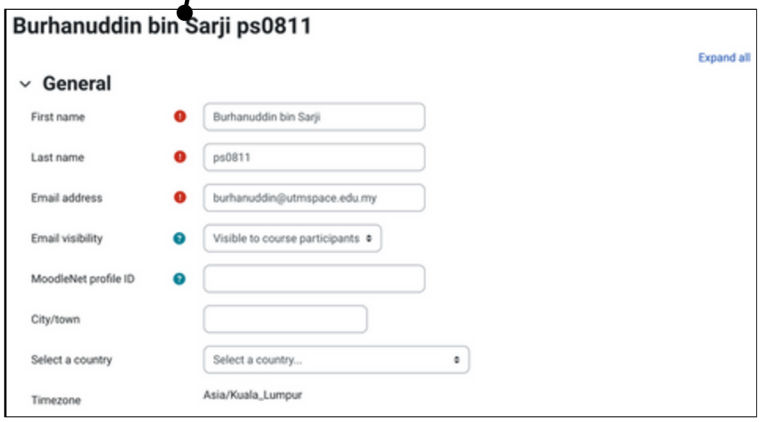
02 User Menu (1/2)

Click the User Menu to have quick access to these functions & features:

- Accessibility
- **Profile**
- Grades
- Calendar
- Private Files
- Preferences
- Log out







In **User Profile**, you can view all the courses that are associated with you in the **Course Details**.

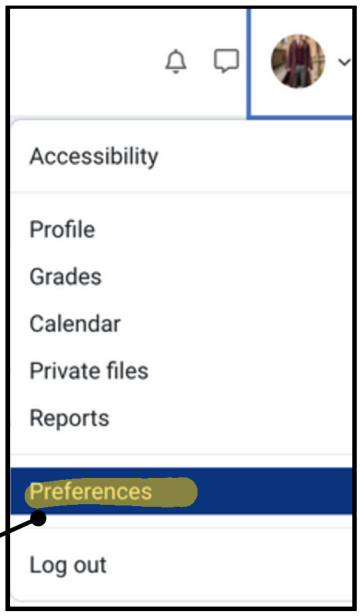
View more in the **Edit Profile** to see more preferences for your configuration.

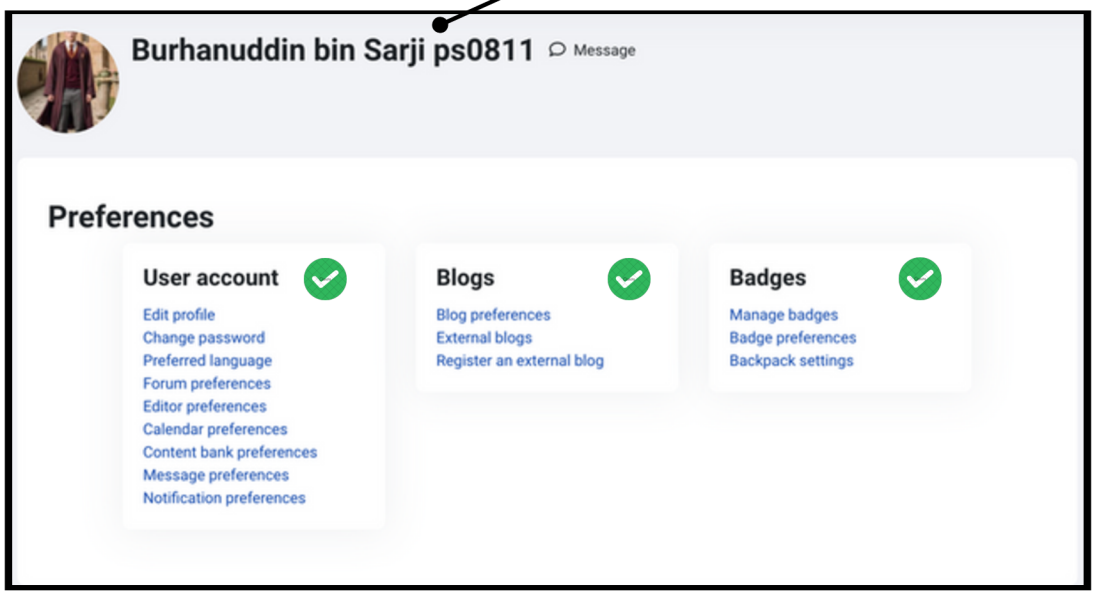
Dashboard View
Quick Access To:

02 User Menu (2/2)

Click the User Menu to have quick access to these functions & features:

- Dashboard
- Profile
- Grades
- Messages
- **Preferences**
- Log out



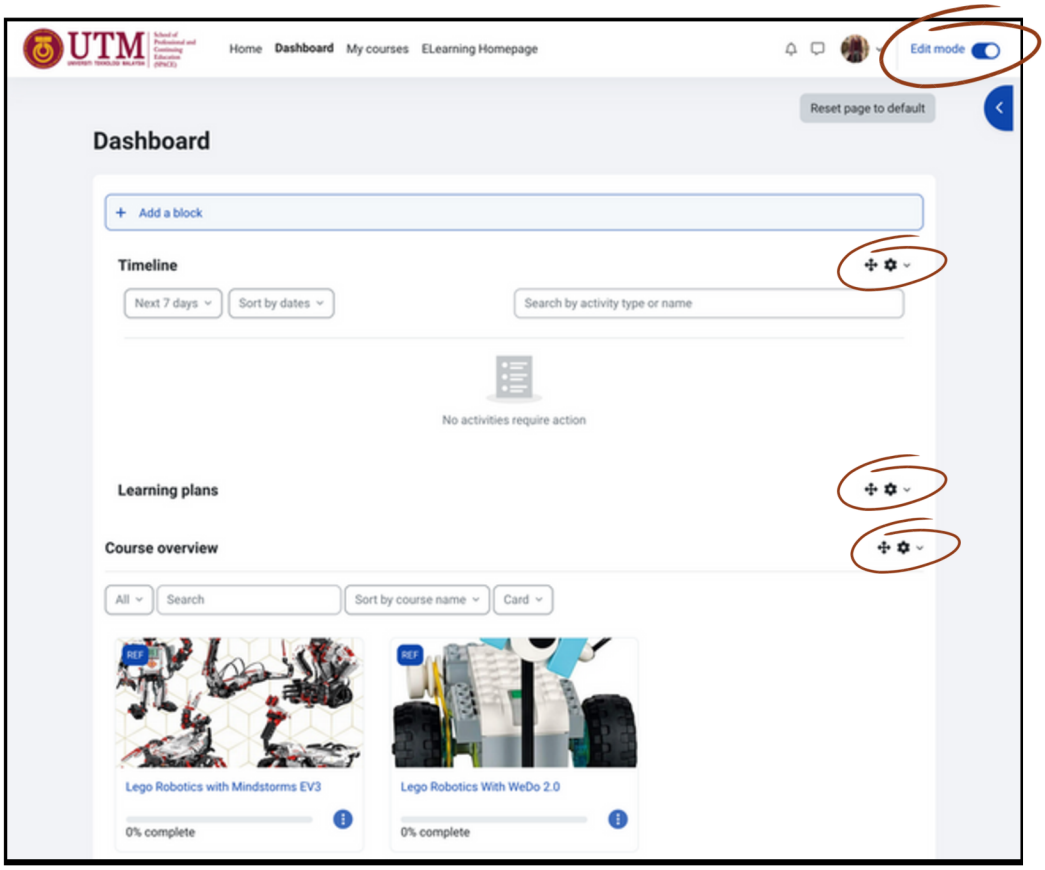


More preferences settings can be found in **Preferences** that includes:

- User Account Preferences,
- Blogs Preferences, &
- Badges Preferences

Dashboard View:
Customise This Page

Click or activate the **Edit Mode** button to start customising your dashboard view.



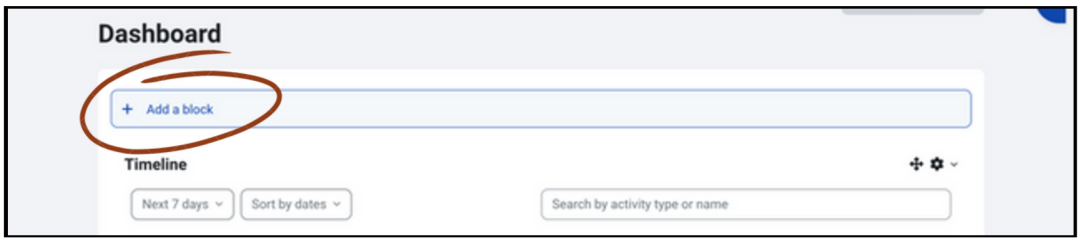
You have the ability to :

- **Add blocks panel**
- **Rearrange blocks panel** by dragging and dropping them to a location of your choice using the moving pointer.

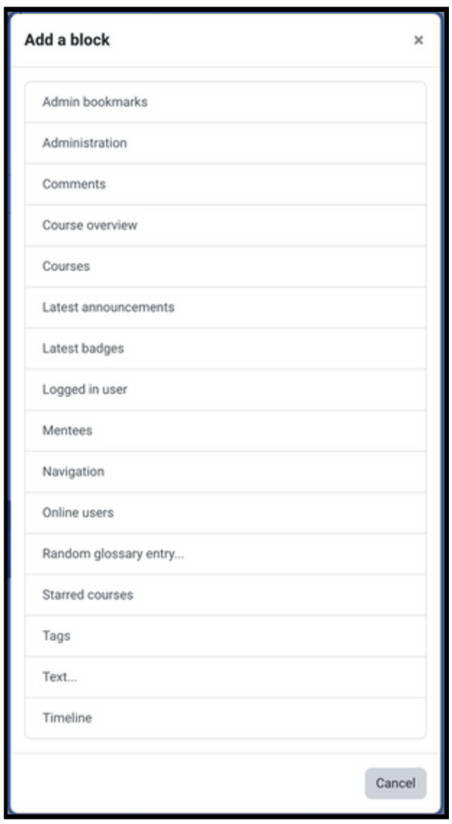
Click or deactivated **Edit Mode** button once you have done configuring your **Dashboard** view.

Dashboard View:
Blocks Panel

The blocks panel gives you quick assistance to access the information & activities that happen in your courses.



In order to add a block, the initial step is to click on **Add A Block** after **Edit Mode** has been activated**.**

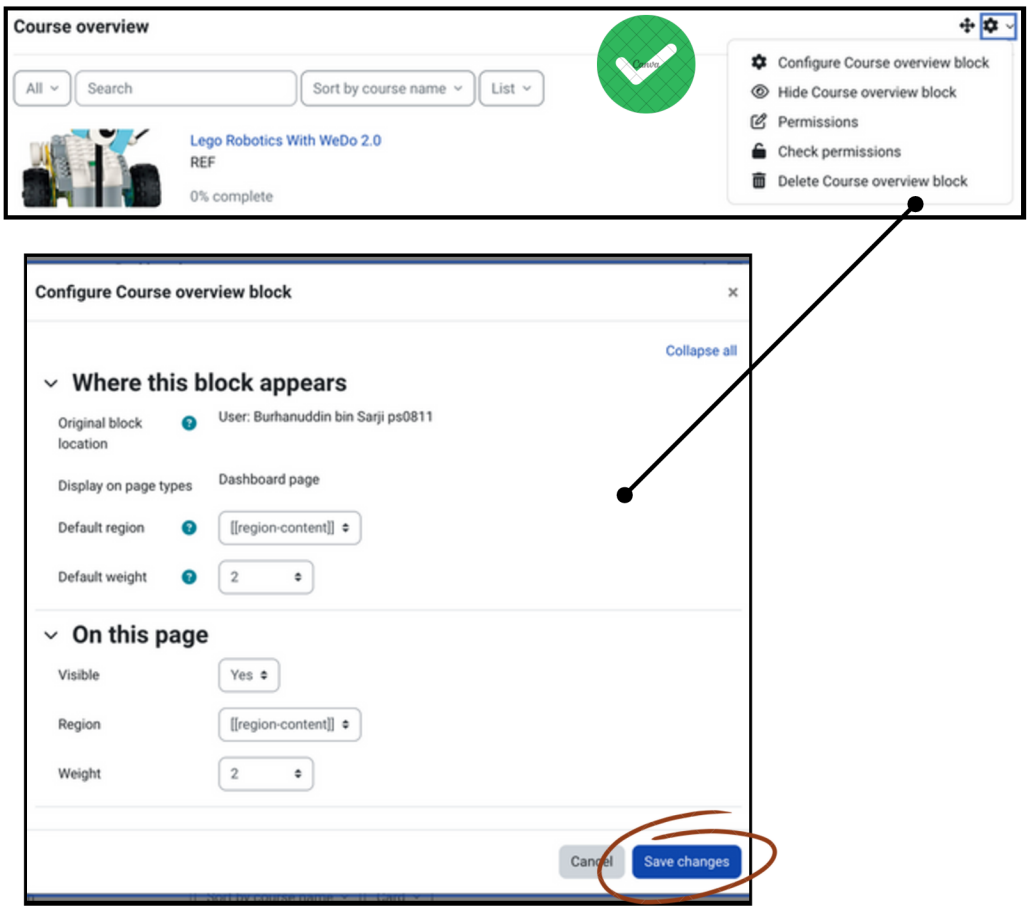


List of blocks that you can add is:

- Admin Bookmarks
- Administration
- Comments
- Course Overview
- Courses
- Latest announcements
- Latest badges
- Logged in user
- Mentees
- Navigation
- Online Users
- Random glossary entry...
- Starred courses
- Tags
- Text...
- Timeline

Dashboard View:
Blocks Panel

It will be necessary to set up the block that has been added to the panel by clicking on the setting icon.



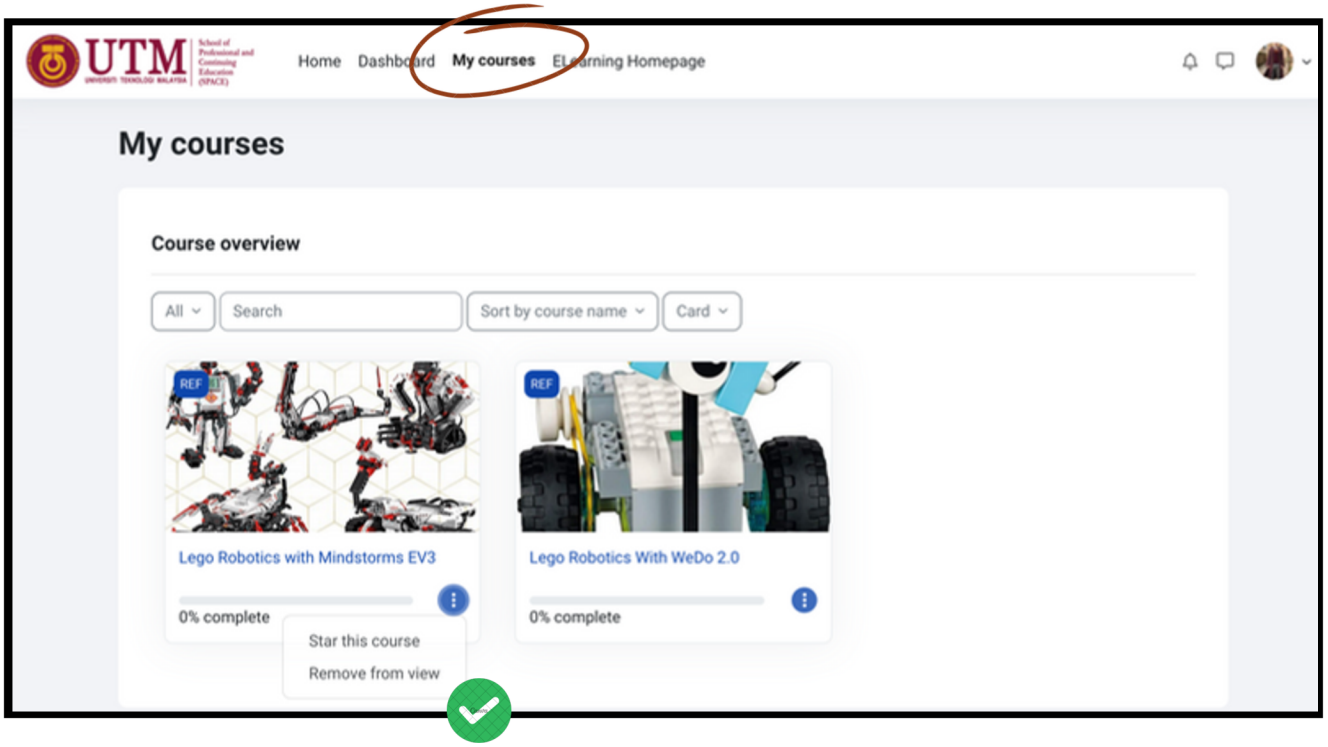
You have the option to either **hide** or **delete** the blocks that have been added.

After completing the editing process, click on **Save Changes** to exit the editing mode.

Dashboard View:
My Courses Panel

(1/2)

This section displays the most recent course you have viewed.



You can either **Star this course** or **Remove from view**.

Dashboard View:

Dashboard View:
Block Drawer Panel

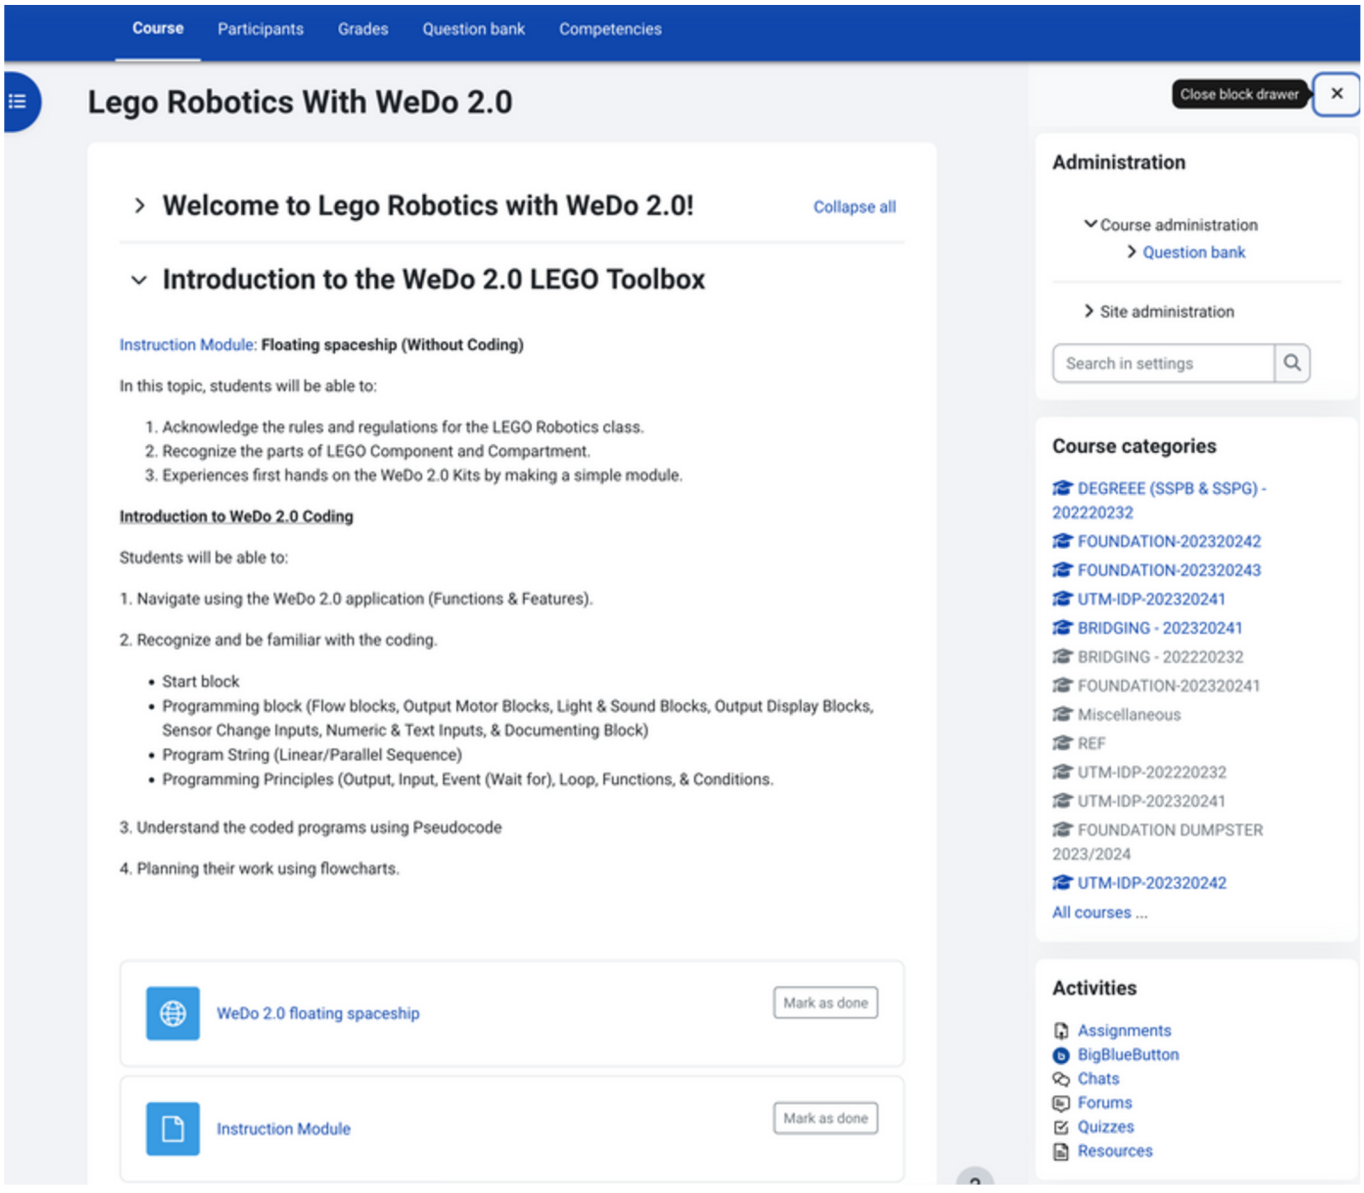
Using **Manage Private Files**, you have the ability to **create folders**, as well as **add/upload** and **download documents** for your reference.

CHAPTER 04

Course View

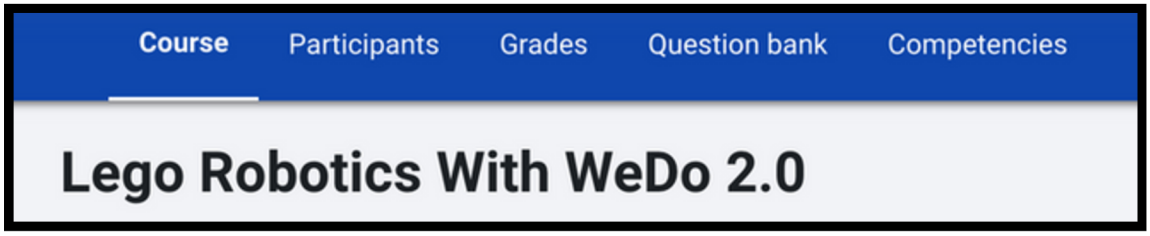
The course view in e-learning is the interface where learners can access the course materials and activities, interact with instructors and peers, and track their progress throughout the course.

Course View:
Navigation Panel



If you select a course, you will be directed to the **course content section** where you can see all the learning activitie & resources that are set by your lecturer.

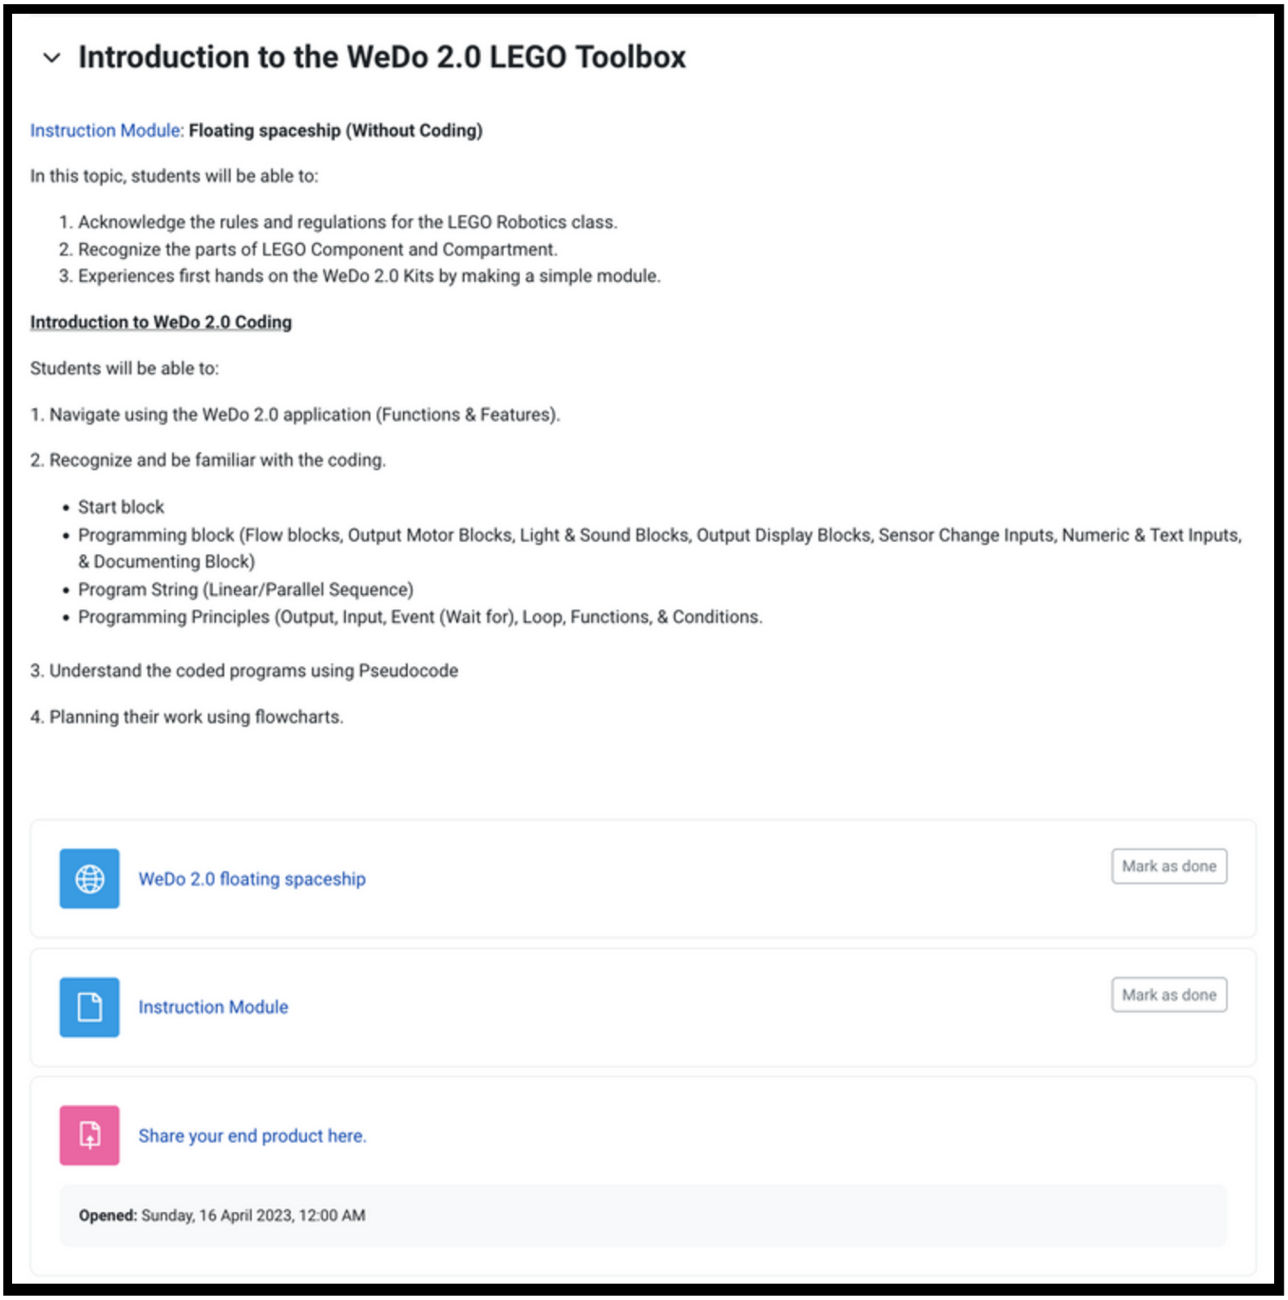
Course View:
Navigation Panel



Above the course title is the **Navigation Panel**. In this panel, you can view & navigate to these elements in your course;

- Course
- Participants
- Grades
- Question bank
- Competencies

Course View: Learning Content (Activities & Resources)



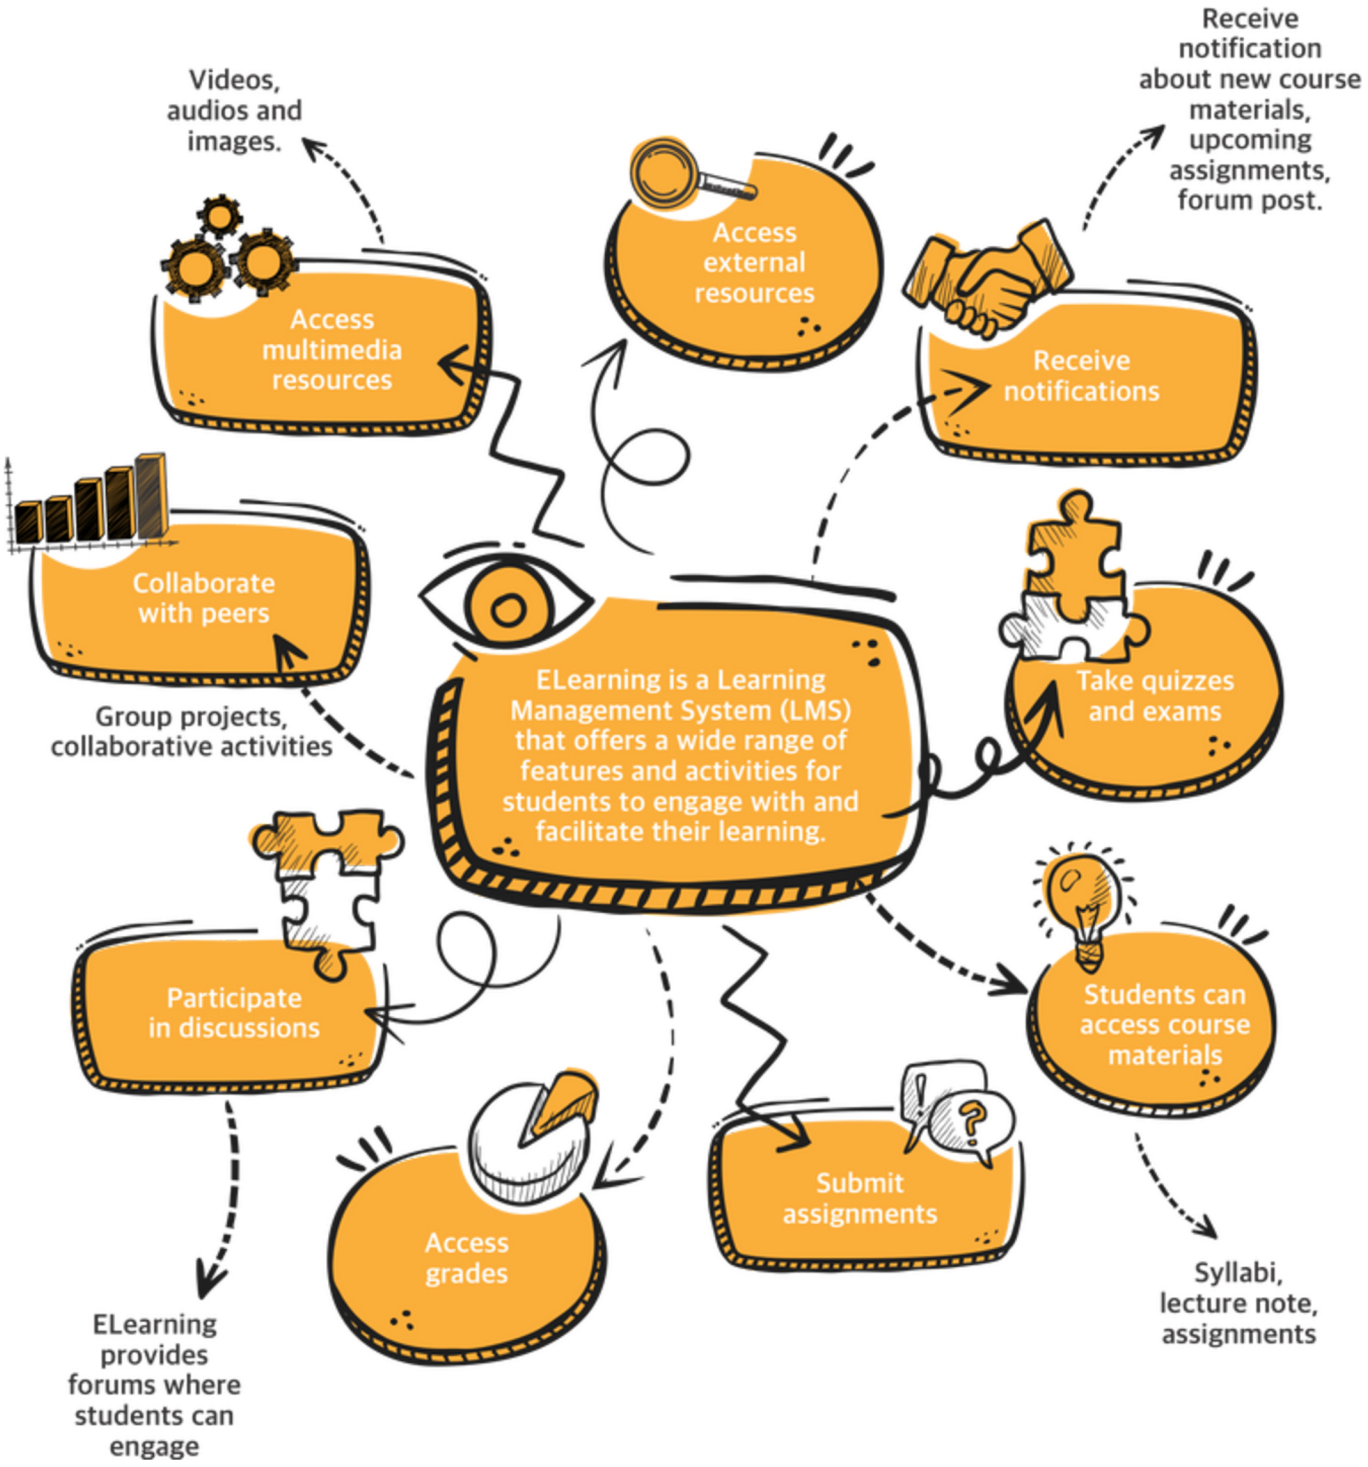
Course View: Learning Content (Activities & Resources)

As a student, you have the capability to utilize a variety of learning activities and resources available in E-Learning. This includes the ability to access and engage in the following:

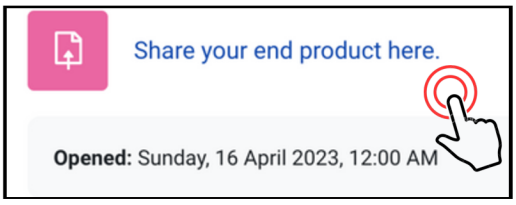
- Various learning materials and resources
- Interactive discussions with peers and instructors
- Submission of assignments and receiving feedback
- Online quizzes and exams
- Viewing of grades and feedback
- Collaborative activities and group projects
- Access to multimedia and external resources
- Receiving notifications regarding course updates, assignments and forum posts.

Overall, E-Learning provides a diverse platform for students to access and engage in a multitude of learning activities and resources.

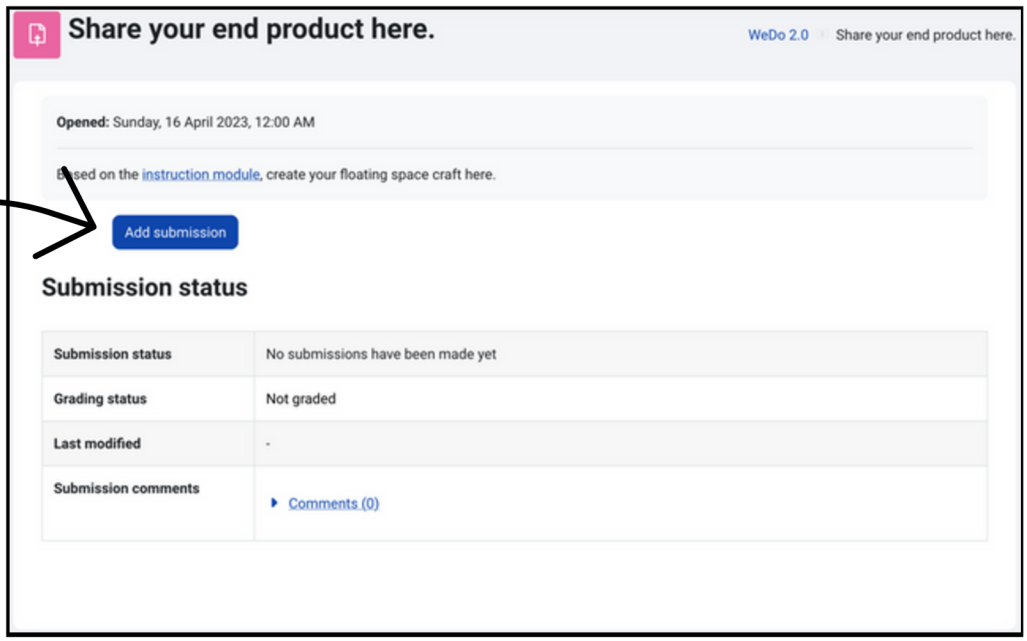
Course View: Learning Content (Activities & Resources)



Course View: Assignment Submission

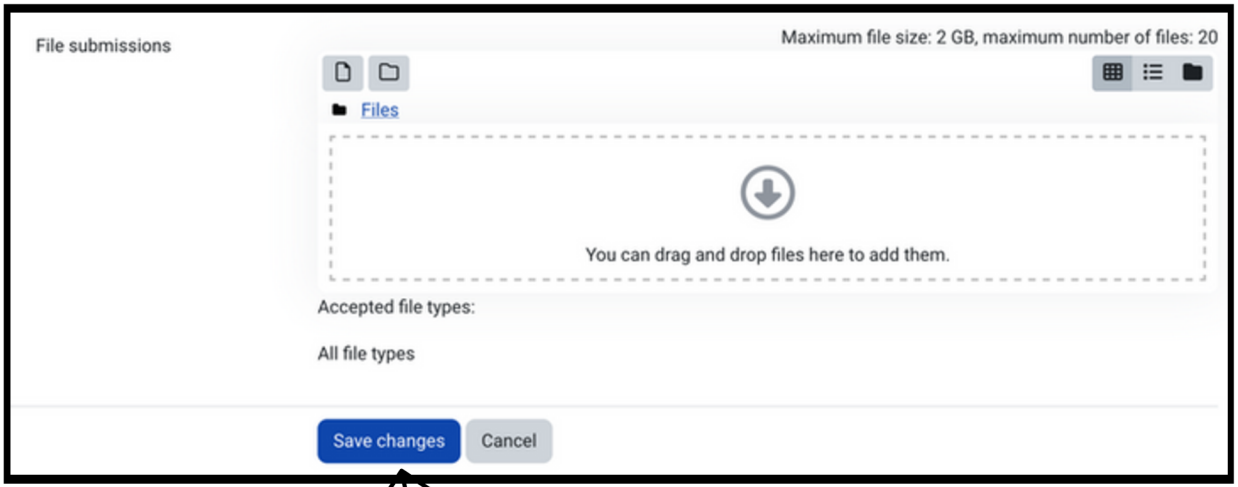


To **submit an assignment**, you will need to select a course, then click on the assignment link provided in the course. Continue with the following steps;



1. Click on the **Add Submission** button

2. Add a file by clicking the **Add Icon** or by **dragging a file from your computer.**

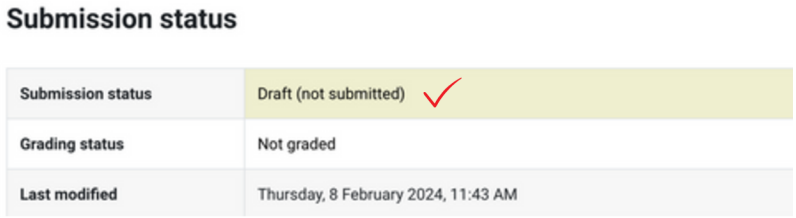


3. Once the file is uploaded, click the **Save Changes button**.

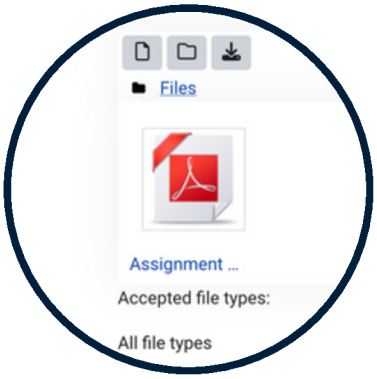
Course View: Assignment Submission

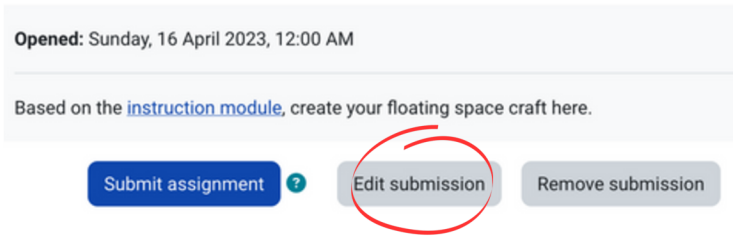
Once you have saved changes, the submission status is still treated as a draft (not submitted), you have the authorization proceed with these actions;

- Edit Submission
- Remove Submission
- Submit Assignment

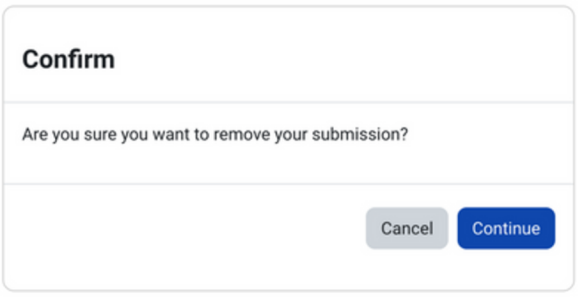


1. **Edit Submission** will bring you to the uploader file page.

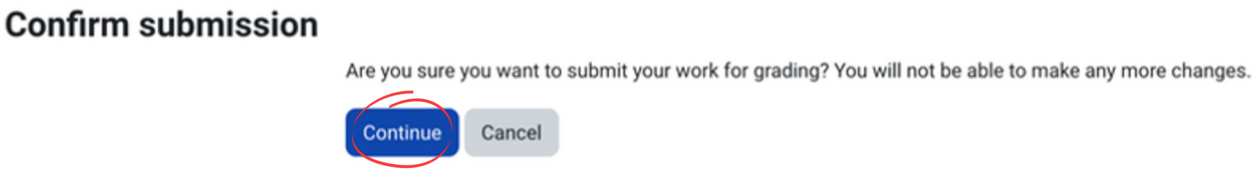


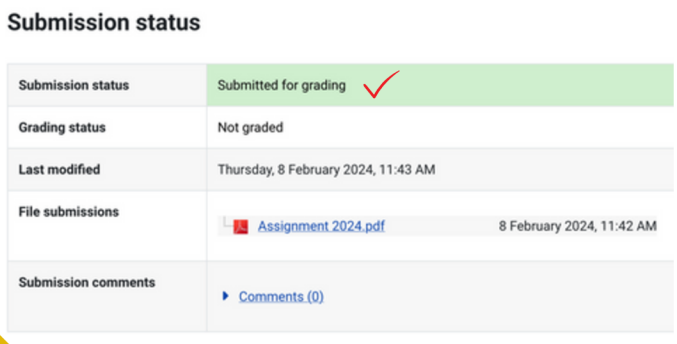


2. **Remove Submission** will remove the current added file.



3. **Submit Assignment** when you are ready to submit your work for grading.





Once submitted, the **Submission Status** changed to **Submitted for Grading**.
