Course synopsis	The course focuses on developing writing skills via read-to-write tasks and prepares students for the demands of writing in a professional setting at B2 level. In groups, students are given read-to-write tasks which will later be discussed and presented. By engaging in active learning activities, students will be able to gather information from different online and offline sources to compose a well-organised and coherent report. The students in this course will develop the ability to participate in a discussion and deliver an organised presentation with clearly developed points highlighting both main and supporting points.
